

artstarts Gallery Sponsorship

ArtStarts is currently looking for a new sponsor to activate the ArtStarts Gallery—the only free, public gallery in Canada exclusively dedicated to young people’s art.

The ArtStarts Gallery inspires:

- **Young people** by providing them with the thrill of seeing their own work, or the work of their peers, on the walls of a professional gallery
- **Educators** by offering tangible examples of how to effectively integrate art into the classroom
- **Artists** by showcasing what is possible when they collaborate with children and teachers in schools
- **Families** by giving them a space to engage in hands-on artistic experiences together

“The arts offer a window into learning and open creativity to a child. Children are more engaged when they’re learning through the arts.” — Artist
